

Welcome to V4

Oil painting and portrait:

The Visegrad4 treasure picture.

Within the European Union, Poland, the Czech Republic, Slovakia and Hungary form the internal association „Visegrad 4“. I would like to portray this group of states - not as documentation, but as an artistic approach. With the means of my painting I would like to try to understand something about the societies and people in the Visegrad states. And I want to get to know one of the faces of Europe that I am less familiar with.

In April 2019 the first part of my Visegrad4 treasure picture, the „Prelude“, was finished. The next parts are to be created in the next 3 years.
